PRAIRIE HILLS GELBVIEWH														

Prairie Hills Gelbvieh is proud to donate this years raffle heifer – PHG Lucky Lady Y28. This stylish March female combines some of our newest genetics in DGSC Happy Time and DVE Redneck. The Redneck daughters are proving to be some of our better producers, and Y28's dam is no exception. Please help support the North Dakota Gelbvieh Association by purchasing a raffle ticket today!

THANK YOU FOR SUPPORTING THE NORTH DAKOTA GELBVIEWH ASSOCIATION.

CENTRAL DAKOTA BULL DAY

Saturday, January 28, 2012

10:00 am – 4:00 pm

Farmers Livestock Exchange, Bismarck, ND

Stop by and see Gelbvieh bulls on display.

SALE OFFERING VIDEOS

Videos of sale offering are posted on MMS website, www.mms.bz, and NDGA website, www.ndgelviehassociation.com. Please contact MMS if you would like a copy of a DVD with videos of sale cattle.

NORTH DAKOTA GELBVIEWH ASSOCIATION

www.ndgelviehassociation.com

Founded in 1982 with 6 members. Today there are approximately 60 members. The North Dakota Gelbvieh Association (NDGA) sponsors the annual "Golden Rule" sale. This sale is one of the longest running, most successful state association sales in the nation. North Dakota ranks 4th in the nation for active cows and 5th in the nation for registered cows. According to the American Gelbvieh Association (AGA), North Dakota is the most aggressive state in the nation for promoting the Gelbvieh breed. NDGA supports the North Dakota Junior Gelbvieh Association (NDJGA) with a designated state show and scholarship fund.

PRAIRIE HILLS GELBVIEW Under Pressure Y50 is a homo black, homo polled son of DGSC Happy Time, a bull we purchased in the 2010 Golden Rule from Dean & Mary Swenson. His dam is a daughter of PHG Fighting Irish and is quickly moving herself towards the donor pen. Her first calf sold in the Canadian National Sale last year for \$4500 to Towerview Gelbvieh, Alberta, and Y50 landed in the show string as her second effort. If you're looking for a purebred bull with calving ease and eye appeal – don't miss PHG Y50! He'll be a part of our Denver show string. Igenity: TN: 3, MB: 7, % Choice: 7, YG: 6

CHIMNEY BUTTE RANCH Package of 3 embryos, guaranteed 1 pregnancy when transferred by a certified technician. Guarantee is 1 replacement embryo. R220 raised the Tye bull we have used and has been very successful in our program. The high selling red bull in both our 2010 and 2011 were Tye sons. We have several Tye sons going to our 2012 sale. She has a weaning weight ratio of 110 and an MPPA of 107. Her first flush yielded over 20 grade 1 embryos. U 145, Uppercut, was the high selling bull in our 2009 sale. Our first Uppercut calves were weaned this fall, we are more than satisfied. The calves are all in the "uppercut" of the pen. Uppercut will be used in our A-I program for years to come. If you are looking for exceptional red genetics, performance orientated, out of proven genetics, look no further. Our first calves from this mating are due in March 2012. We are excited about this mating.

CRANVIEW GELBVIEW/ANNIKA ARNOLD X004 Annie is a beautiful dark red heifer that has the potential to make an impact in anyone's herd. She is sired by our own herd sire U83 ET. He is a 2106K son out of the National Reserve Champion Annie Ashley cow. We kept several of these heifers last year and are offering the opportunity to purchase one of these U83 heifers. We showed her one time standing 2nd in class at the National Western as a calf. Her dam's Igenity scores are 8 on MB, 7 on % CH, 6 yg, 4 TD, and 5 on ST. Her sire scored a 4 on TD, 6's on all carcass traits, 7 on HP, and a 6 on ST. Retaining the right to flush this cow (at our expense) one time with a guarantee of 8 (grade 1 & 2) embryos. Due 4/1/2012 to Leland Commitment 9216W for a red Balancer calf.

CHIMNEY BUTTE RANCH When Chris comes to screen he gets to review all of our bred heifers. This is one that is really hard to sell. The maternal side of the pedigree is rock solid including dams of merit and dams of distinction. Add Pure Power for additional maternal strength and good looks, this is quite a package. Ultra sound indicates she is due 4/2/12 to DCH X115, natural service. X115 is a Tye son that we held back for our own use. In the 2011 Golden rule sale, 20 consignments, including the donation heifer carried the DCH prefix. Year after year we bring the "good ones" to this sale.

CHIMNEY BUTTE RANCH This beauty comes from a Pure power son we used in our program. A beauty she is, and her maternal pedigree has Image, Tank, and Electric Black as cornerstones. She is probably homo black. DNA profiles for all our consignments will be available sale day. Ultrasound says she is carrying an A-I bull calf, due 2/22/12 sired by the X109 Majesty son. Could be the top end bull for the 2013 sale. In the 2011 Golden Rule sale the 5 high selling bulls were sired by Chimney Butte bred and raised bulls.

CHIMNEY BUTTE RANCH An outstanding female sired by a bull we purchased in a previous Golden rule sale. Check the pedigree, Bennett Landmark, Cocoa, and Black Cadillac, all proven bloodlines that have proven themselves on our operation. The extended maternal pedigree has 2 dams of distinction and one dam of merit. Proven performance and a proven pedigree. Her dam is one of the oldest animals in our herd. Ultrasound indicates an A-I heifer calf due March 2, 2012, Service sire is DCH Hille Scone, a Carolina Fortune son co owned with Wehri Gelbvieh.

CHIMNEY BUTTE RANCH

A pretty red offering that is an outcross to most herds in the States. Her sire was purchased at a Sale in Canada, and proved to be a great female producer. Balanced numbers, great phenotype, and the potential to raise the good ones. Ultrasound indicates a due date of 4/4/12. Natural service to DCH Hille X115. A good red female carrying a red calf, Good reds are in demand. An opportunity to add the really good ones to your herd.

PRAIRIE HILLS GELBVIEH

Here she comes now – Mony Mony! This sweet March Balancer heifer puts all the right pieces together. Tight fronted, thick butted, and soggy in the middle. The maternal side of her pedigree is a "Who's Who" in the Gelbvieh breed with Cocoa, Fosters, and Exclusive all represented. Don't overlook the EPD strength she provides either – being well above average across the board. This gal is halter broke and should really shine by Junior Classic time!

96Y is the combination of two strong maternal families. Her dam is an Austin daughter with a perfect "10" udder. 96Y's full sister sold to Little Windy Hills in 2011. The Laredo daughters make great cows with very high predictability in production. Sells open.

AMERICAN GELBVIEWH ASSOCIATION TERMS & CONDITIONS

TERMS: Terms of sale are cash unless satisfactory credit arrangements have been made by the seller previous to the sale of any animal so affected.

BIDDING: All animals sell to the highest bidder. Any disputes or challenges regarding bids shall be settled by the auctioneer and his decision shall be final. Mailed or telephoned bids may be forwarded to the sale management or auctioneer and will be handled with strictest confidence. Prior arrangements for telephone bids at sale time must be made with sales management or the auctioneer. There are no warranties, expressed or implied, by either the auctioneer or seller, except as set forth herein, as to the merchantability or fitness for any particular purpose of any animal offered in this sale. The right to bid or the right to reject the final bid, if done before the hammer falls, is reserved for the seller.

INSURANCE OF PURCHASES AND RISK: All animals are at the owner's risk and become the property of the purchaser when declared sold by the auctioneer. Arrangements have been made to have insurance available when making settlement.

ACCIDENTS: All precautions possible will be taken to protect the safety of buyers and others attending the sale. Nevertheless, no responsibility will be assumed by the auctioneer, sale management or the host farm in the event of accidents or of loss or damage of property.

HEALTH TESTS: All animals have been tested and found negative for brucellosis and tuberculosis. The sale veterinarian will assist buyers on health status for specific states and testing for anaplasmosis and blue tongue if this is required for export to Canada.

BREEDING GUARANTEES AND DEFINITIONS

FEMALES: Females are guaranteed to be breeders, with the exception of female calves sold at side of dam, injury or disease occurring after time of sale, gross negligence or willful misconduct on the part of the purchaser, females used in ovum transplant after time of sale, females shown competitively after time of sale, and cows with calf at side. Cows represented as being "safe in calf" will have been examined by a licensed veterinarian and are so guaranteed. They are considered breeders without further guarantee. Females with a "due to calve" date in the remarks columns are considered safe in calf. A bred female is a female known to have been served by a bull either by natural breeding or artificial insemination, but it does not necessarily mean that the female is safe in calf to that service. A pasture-bred female is a female that has been exposed for the time stated, but it does not necessarily mean that this female is safe in calf to that bull. An open heifer is a virgin heifer that has never been exposed to a bull either through natural service or artificial insemination. An open cow is a cow that has not been exposed to a bull either through natural service or artificial insemination since the birth of her last calf. Calves sold off their dams (split pairs) shall carry the full breeding guarantee.

MALES: Bulls are guaranteed to be breeders (defined as ability to settle healthy cows by 18 months of age) with the exception of bull calves sold at the side of dam, injury or disease occurring to the animal after time of sale, and gross negligence or willful misconduct on the part of the purchaser. Any guarantees with respect to ability to freeze semen shall be made by separate agreement between the buyer and seller.

ADJUSTMENTS: The following adjustments do not preclude the right of buyer and seller to mutually agree upon other terms and conditions for settlement of any dispute. All claims for adjustment or refund must be made in writing either within six (6) months from the time of sale or not later than six (6) months after the animal reaches eighteen (18) months of age, whichever occurs first, with the exception of claims involving misrepresentation of service sire or as otherwise provided herein. If a female is sold as "safe in calf" to a given sire or sires on a specified date or dates and proves not to be represented, the buyer is entitled to a refund of the purchase price from the seller upon return of the animal to the farm of the seller at the seller's expense. In the event an animal is claimed to be a non-breeder, the animal may be returned to the farm of the seller, at the buyer's expense, if in good physical condition and the return is in compliance with the health requirements of the state where purchased. The seller shall be entitled a six (6) month trial period in which to prove the animal is a breeder, the seller shall, at his option, replace the animal with another of equal value or refund the purchase price. Either option shall be deemed full satisfaction and settlement. Any animal returned will be at the purchaser's risk. No guarantee is given concerning a pregnant female's gestation period or calf's condition. The seller is not responsible for damage caused by foreign bodies after the animal has been sold nor for sickness not apparent at sale time. If a female is sold as "open" and proves to be with calf at time of sale and examined pregnant within sixty (60) days after sale, the buyer may return the animal to the farm of seller prior to calving for a refund of the full purchase price or for another mutually acceptable adjustment. It shall be the obligation of the seller to bear all expenses incurred for transportation of the animal in question to the farm of the seller. Any adjustment provided herein, if selected, shall absolve the seller from further liability.

HORNED/POLLED/SCURRED DEFINITIONS AND GUARANTEES

HORNED: An animal with a horn growth affixed to the skull that has or has not been removed.

POLLED/SCURRED An animal with rudimentary horn growth that will not develop into a horn. The rudimentary horn growth may or may not become affixed to skull at an older age.

POLLED: An animal with absence of horn growth. (An animal can have scurs and still be genetically polled.)

SMOOTH-POLLED: A smooth-polled individual has no scurs and does not develop scurs later in life.

HOMOZYGOUS BLACK HOMOZYGOUS POLLED WARRANTY

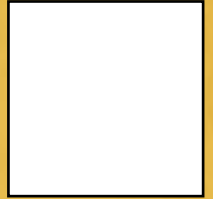

All warranties regarding cattle being homozygous black or homozygous polled, or both, are agreements between the original buyer and seller and extend only to the original buyer. The liability of the seller shall not exceed the amount of the original purchase price and the seller must be notified in writing within 24 months following the date of purchase for this warranty to be enforceable. In the event an animal sold as homozygous black or homozygous polled is determined to be heterozygous for the warranted trait, the seller will make satisfactory replacement or refund the purchase price within a reasonable time. The seller must have the opportunity to inspect the calf in question and, at his cost, blood type or DNA test the calf and its parents and perform such other tests as necessary to confirm that the calf is heterozygous for the trait in question.

AGA REGISTRATIONS AND TRANSFERS: Each animal which is catalogued, offered and sold as a registered animal has a certificate of registry available at time of sale. When an animal is sold as "eligible for registry" or "registry applied for," the seller shall be responsible for obtaining the certificate of registry and for the proper transfer of the certificate to the purchaser including full payment of transfer fees.

PURCHASER'S RISK: Each animal becomes the property of and therefore is also the risk of the purchaser as soon as it is sold, except it shall be the obligation of the seller to see that animals are fed and cared for free of charge to the buyer until unloaded for shipment or until the expiration of forty-eight (48) hours after the sale, whichever occurs first.

ANNOUNCEMENTS: Any errors or changes in information contained in the catalog will be announced from the auction block. Such announcements shall take precedence over information contained herein. The sale will be tape recorded for future reference.

RIGHTS AND OBLIGATIONS: The above terms and conditions of sale constitute a contract between the buyer and seller of each animal and shall be equally binding on both. Animals resold following purchase in this sale shall constitute a separate transaction and the rights and obligations of the parties connected thereto are not covered by the above terms and conditions of this sale. Neither the host farm, auctioneers, nor any other person connected with the management or conduct of this sale assumes any liability, legal or otherwise, except as set forth above.

FIRST CLASS
