# Welcome TO THE SALE!

Welcome Cattlemen and Cattlewomen to our first Annual Female Production Sale:

Warner Beef Genetics along with Cedar Top, Sienknecht Cattle Co, McEndaffer Genetics, Lewis Ranch and Shifflet Livestock could not be more excited about the offering that you will find in Arapahoe NE on October 3, 2015. You will find females that have proven themselves in the breed to be leaders for years to come. This offering includes donor cows, dam's of herdsires, sisters and daughters of sale toppers and some of the freshest and newest genetics of the breed and the industry. There is not one individual in this entire sale that we would not keep ourselves but to insure the quality along with our dedication to making this an annual event and our desire to continue to be your source of replacement females we have opened the gates and are selling our front end.

Much of the offering is a dispersal of partnership cattle. The partnership model that we maintain with Chris Davison does not include the growth of a co-owned cowherd. This gives you the opportunity to buy the females that are direct results of our intensive ET program. These females are flush sisters to the bulls that have sold in last spring's bull sale. The TransPacific partnership has been making new paths for cattle that excel in performance and carcass traits combined with the eye appeal and functionality that you have become accustomed to from Warner Beef.

All of the cattle in the offering, registered or commercial, are developed with a program and a commitment to quality for their future owners. The bred females are bred to the most exciting bulls of the industry and the pairs and heifer calves carry the most potential of any sale anywhere.

The relationships that we have made in the business are most important to us. We take a great deal of pride in the business we do with every past and future customer that we have. Please join us October 3 to share in this inaugural event. Come early and stay late as we will enjoy some great cattle, great food and great fellowship.

See you at the sale.

A one time offering of a flush on the dam of the Reserve Balancer Heifer at the 2015 National Junior show that we sold in the National Gelbvieh and Balancer sale in 2015 to the Teeter family. This cow came to us out of the Beastrom dispersal and Scott and I can't be more excited. Her 2015 bull calf by Edison will blow you away. There are many mating possibilities for this great donor and she is a solid embryo producer. Flushed 2 times averaging 5 embryos per flush. We will guarantee 5 embryos and 2 pregnancies to the bull of your choice provided a certified embryologist places the embryos. Guarantee for a pregnancy that does not take is 1 embryo per pregnancy. Once the guarantee is fulfilled, terms of the flush are complete. The cow is open and ready to flush today.

## CTR 198L Flush Opportunity

CTR WIDE TRACK 3706A ET • SON OF LOT 2 DONOR DAM.

Selling the opportunity to flush CTR 198L to the bull of buyers choice. Guarantee of 6 transferable embryos and a guarantee of 3 pregnancies provided embryos placed by a certified embryologist. Buyer provides semen and semen shipping if chooses a sire outside of a Cedar Top Ranch sire. Guarantee for a pregnancy that does not take is 1 embryo per pregnancy. Once the guarantee is fulfilled, terms of the flush are complete.

198L has produced over 300,000 dollars for Cedar Top Ranch. 5 sale topping Bulls have been produced by CTR 198L with most currently the impressive, CTR Wide Track bull at \$30,000 to Warner Beef, Black Gold and Chapius and CTR Double Shot to Pearson Cattle Co. 198L is also the dam of CTR Sandman, About Time and Headline. She is also dam of two "Pick of the Herd" females sold in the National Gelbvieh and Balancer Sale that are now donors, plus 2 donors are working for Cedar Top Ranch. 198L is one of the widest made, easiest fleshing cows that absolutely walks on perfect feet. She is arguably the best purebred cow in the Gelbvieh breed. If you want to buy elite genetics to propel your program, the 198L flush opportunity offers a great opportunity from one of the 2 most influential cows at Cedar Top Ranch over the last decade.

**DLW EDISON 6718X • SEMEN PACKAGES SELL AS LOT 3.**

Genomic enhanced EPDs.														

Offering 5 semen packages of 20 units each. This will be the only 100 units offered on this great sire.

DLW Edison 6718X is past People's Choice Balancer Bull Futurity Champion that has exceeded all expectations. Edison's sons are powerhouse bulls that command a premium in every sale. His son's have been among the high selling sire groups selling to both seedstock producers and commercial operations over the past 2 years in the Warner Beef Genetics annual bull sale. Rarely have we seen a bull that will produce the consistency of this sire. We can't make enough sons for our bull sale as real cowmen go crazy over them.

This will be the last Edison semen available to the public.

5160 "the cow I would never offer". Well Dan convinced me to put the very best and this is it. 5160 most notable son is none other than the CTR Good Night 715T. She is also the dam of 3 other sale topping Bulls at Cedar Top Ranches annual bull sale. 5160 is one of the sweetest fronted females that is a big bodied and perfect uddered donor. A cow I wish they all were like tremendous to look at and best yet one of the best producers you'll ever find. Sells bred to the Barrett bull. Offering possession and 50% embryo interest with the option to double the bidprice and own the entire female. All sons can come back and go through the Cedar Top Bull sale if buyer wishes to do so. Simply one of the best balancer females ever offered to date.

DLW MS MATRON 802U • DAM OF LOTS 5-7.

DLW ALUMNI 7513A • MATERNAL BROTHER  
OF LOTS 5-7.

802U was the high selling female in our 2015 spring production sale selling to C-Cross Cattle Company for \$25,000. Her production record speaks for itself as she is the dam of DLW Alumni, the 2014 Breeders Choice Gelbvieh Bull Futurity in Denver. We sold 4 full ET brothers to Alumni in our 2014 Warner Beef Genetics production sale into purebred seedstock programs with other ET brothers selling into commercial programs. The influence of this great donor dam, 802U is offered in 3 daughters selling as lots 5-7.
