

Genetic **OPPORTUNITIES** **Female Production Sale**

Saturday, October 1, 2016 • 1:00 PM (cst)
At the Ranch, Arapahoe, NE

125 Plus Females Sell

62 GELBVIEWH AND BALANCER® FEMALES • 65 COMMERCIAL BRED HEIFERS AND PAIRS

WARNER BEEF
• GENETICS •

Welcome TO THE SALE!

Cattlemen and Cattlewomen:

It is with great pleasure that I invite you to our second annual Fall female sale. Yes, this is a trying time in the business but the value of quality genetics has never had more influence. Regardless of what level the market is currently, the higher quality cattle will bring a premium.

We have never been more committed to our valued customers to offer genetics that will move any program forward. Warner Beef Genetics wants to be your replacement source and we are committed to offer the highest quality females every year. Once again the offering includes proven donors, outstanding fall pairs, both registered and commercial spring bred heifers, and open show heifer prospects.

You will once again see offering from our friends and allies in the business, Cedar Top Ranch, McEndaffer Genetics, and from Shafer Cattle Co. Their consignments will fit every program just as if they were carrying the Warner Beef prefix and brand. All cattle are fully guaranteed and will be handled with the buyers interest in mind.

If we can help with anything, please feel free to contact any sale representative.

Flush Opportunity- Super opportunity in this feature lot. 021X is the dam of the 10000 open heifer from the Chosen Few sale selling to Beastroms. She went on to be a top donor there and produced pen bulls and a high selling open heifer in their female sale last year. A rare find in the pedigree of this great little cow with sires such as Good Night 4743P, BR Midland, and Highlight 066K. I cannot express my appreciation for the completeness of this cow. Moderate, easy fleshing, fertile, and great uddered! She looks like what every Balancer cow today should! She has been flushed 5 times for an average of 10 embryos.

Terms and Conditions of Flush

Buyer receives 6 transferable embryos with a guarantee of 3 pregnancies. Buyer provides semen and shipping cost of semen if bull used for flush is not a Warner Beef Genetics bull. Warner Beef Genetics will provide semen on bull if a Warner bull. Warner provides flush and freeze cost of embryos. Buyer pays shipping cost of embryos to destination. Embryos must be placed by a certified embryologist for the guarantee. Guarantee is 1 embryo replacement per pregnancy not conceived. Once an embryo has been replaced, the guarantee is fulfilled.

Sweet little cow that has been a solid in production. Purchased as a feature pick in the national sale. It is difficult to find balancer females with this sort of angularity and udder quality with this much power and performance. She is a true calving ease/carcass female that ranks in the top 1% for CED and FPI, top 2% for Marbling and top 5% for BW. Several daughters and bulls to be retained and offered next spring. Will calve this fall with a DLW Edison 6718X calf.

Genomic Enhanced EPDs.

High volume, angular female that is sure to be found. Top 10% CE, top 10% growth, top 1% carcass in a show heifer. Most didn't think that was possible but here she is in person, don't miss this one. Sells open.

Purebred Angus Cow. Productive young cow that originated from our good friends Rob and Lori Thomas. We are parting with some of our Angus females that are owned with our partner Chris Davison. Cow has done a solid job with lots of future ahead of her.
AI bred on 5/8/2016 to DLW Guardian 450A ET due 2/15/2017. Pasture exposed to CTR Wide Tracks 3706A from 5/12-7/20/2016
